

## Report on Awareness Programme for Innovation and Entrepreneurship Policy

Date: 14/11/2020

Time: 03.00 pm

Yashaswi Education Society's International Institute of Management Science organized an online session for making students and staff members aware about Innovation and Entrepreneurship Policy. Staff members of International Institute of Management Science and students of MBA were present for the session.

Dr. Shivaji Mundhe, Director, IIMS welcomed all students for the online session. He discussed the current market scenario of various sectors and the opportunities of entrepreneurship for students in various sectors.

Dr. Mundhe made the students aware about the Institute's Innovation and Entrepreneurship Policy. He discussed the vision, mission and objectives of the policy.

He further said that for motivating students for entrepreneurship, to bring out their innovative ideas and to provide a platform to showcase student talent and for their overall development Institute will organize various activities and programmes on regular basis.

He suggested students to read the Policy document on Institute's website and get in touch with Institution's Innovation Council members for more information and guidance.

The session was concluded with vote of thanks by Ms. Binaifer Aga, student of IIMS.
