2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Attainment of program outcomes, program specific outcomes and course outcomes are evaluated by the Institute. The classroom teaching ensures that course outcomes and program outcomes are fulfilled through planned lecture. To attain the course outcomes for the course/subject, the faculty Members uses various Direct or Indirect tools as assessment methods. Faculty has to assess the CO and PO attainment using the CCE Parameters and continuous result analysis and the same being communicated to the students and parents. The attainment of COs, POs and PEOs are continuously mapped throught out the two-year Post graduate degree programs. The course outcomes are defined by the university using action verbs of learning levels as suggested by Bloom Taxonomy. The Rubrics for assessment are defined at the Institute Leve which are carried out through concurrent evaluations and internal mid term and end term examinations. Then, a correlation is established between COs and POs

and COs and PSOs on the scale of 0 to 3, 0 being no correlation, 1 being the low correlation, 2 being medium correlation and 3 being high correlation. A mapping matrix of COs-POs is prepared in this regard for all courses in the program.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

International Institute of Management Science (IIMS) has embraced a decentralized and participative approach in the implementation of academic and administrative processes. This commitment to innovation and management is showcased annually through the organization of the "International Conference on Innovations in Management & Information Technology (ICIMIT)." This conference, a testament to our dedication to decentralization and participative management, is endorsed by the College Development Committee (CDC) and the Internal Quality Assurance Cell (IQAC), with a corresponding budget allocation. At different levels within the institution, participative management is practiced, enabling stakeholders to contribute to decision-making based on shared insights. The governing council includes faculty representatives alongside the principal, ensuring representation and collaboration in key decisions. Frequent meetings at institutional

and departmental levels involve faculty, department heads, and committee members to ensure policy implementation and effective planning. By promoting decentralization and participative management, IIMS fosters excellence by leveraging the collective expertise and perspectives of faculty, staff, and students across its operations. Supported by a well-structured organizational framework and defined processes, the institution remains agile in pursuing its vision and mission through timely action and inclusive governance.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/perspective plan is effectively deployed

IIMS has strategically established mechanisms foroperational efficiency across various domains, including policy formulation, administrative structures, and the implementation of strategic plans.

IIMS organizes diverse events such as industry meets, intellectual property rights sessions, and expert talks to foster industry-academia collaboration and innovation. Moreover, the institution prioritizes the enhancement of the teaching-learning process through various initiatives:

- 1. Continuous skill enhancement for staff through Short Term Training Programs , Faculty Development Programs , NPTEL courses, and Bombay Spoken Tutorial courses.
- Encouragement of research activities among both staff and students, including undertaking sponsored research projects and acquiring patents.
- 3. Academic planning and the development of an academic calendar to ensure systematic execution of educational activities.
- 4. Preparation of teaching plans aligned with syllabi, coupled with cumulative assessments to gauge learning outcomes effectively.

- Utilization of e-learning resources and the case study method to facilitate deeper comprehension of concepts and real-world scenarios.
- 1. Cultivation of a research culture through the provision of adequate research facilities and support.
- Provision of mentoring and individualized support to facilitate the academic and professional growth of both faculty and students.

Through these concerted efforts, the institution aims to continually enhance the quality of education, promote innovation and research, contribute to the development of students.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The overall planning and development of the institution is done by the Management and Governing Board. The day-to-day administrative affairs of the Institute are managed by the Director and IQAC Coordinator. The Director of the Institute is the administrative head of the institution shouldering the responsibilities of administration, appointments and infrastructure. The IQAC Coordinator is the academic head, ensuring the proper conduct of all the academic, research and extension activities. The administration is responsible for all financial matters. There are Committees, Cells and Associations focussing on specific tasks and roles in the College. The executive leadership is shared with the IQAC Coordinator and all the senior faculties. The IQAC Coordinator assists the Director in academic and administrative affairs of the Institute. There is a written Job Description for each office and

given to the HR at the time of appointment. The Management encourages the faculty to participate in various committees. This enhances the leadership qualities and skills. The Grievance redressal committees have been formed for both staff and the students. The power delegation and decentralisation of authority enrich the effective and efficient functioning of the institution in all its spheres of planning, decision-making and implementation. The Management plays a crucial role in enriching the bottom-up approach in planning and execution of various academic activities.

6.3.5 - Institutions Performance Appraisal System for teaching and non-teaching staff

The Institute is following the appraisal scheme suggested by AICTE viz. Performance Based Appraisal System (PBAS). In this scheme, the performance s are classified into three categories (i) Teaching, Learning and Evaluation related activities (ii) Co- Curricular, Extension and Professional Development related

activities (iii) Research Publications and Academic Contributions At the end of each academic year, the data pertaining to the above categories are collected from each faculty member in the proforma suggested by AICTE. These scores are used for the award of career advancements to faculty members and for promotion to next higher position. Further, at the end of each semester, feedback forms are issued to the students for each of the courses attended by them. The feedback forms in the form of questionnaire collect information about the teacher and different aspects pertaining to the teaching process. A team consisting of the Head of the Department and Senior Professor in the Department, goes through the feedback forms collected from the students and suggest suitable measures to improve the teaching-learning process. For non-teaching staff's performance this includes

technical contribution of individuals such as subject knowledge, awareness, productivity, quality, innovation willingness to learn, diligence etc.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Before the commencement of each semester, University notifies an academic calendar for all the programs, which contains the date

Page 65/121 28-05-2024 04:34:23

of commencement, last working day of the semester, Internship schedule and dates for semester-end examinations. IIMS follows the calendar issued by the University strictly and plans all its activities including the conduct of Continuous Internal Evaluation (CIE). The institute prepares an institute-level calendar and subsequently every department prepares its calendar. Institute calendar of events includes details like the, CIE dates, dates for Internal Midterm and End term exams. The department calendar comprises guest lectures, workshops, industrial visits, other co-curricular and extra-curricular activities. The academic activities, CIE, and all activities are conducted in adherence to the calendar of events except unforeseen circumstances. The academic calendars help faculty members to plan their respective course delivery research work academic and co-curricular activities. Department heads closely supervise and monitor the completion of the syllabus as per the lesson plan prepared by faculty members. Syllabus coverage for each CIE is decided well in advance and faculty members adhere to it. Internal Assessment tests (IA), assignments, quizzes, and seminars are part of the Continuous Internal Evaluation (CIE) of students.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Slow learners and advance learners are identified based on students' graduation and entrance exam marks, level of comprehension, classroom observation, interaction, as well as examination result. Remedial classes for slow learners are carried out and slow learners are encouraged to recognize their weaknesses. Revision classes and counselling sessions are held, and additional teaching taken up if required. Teachers give one-toone attention in remedial classes and focus on individual problems better than in a regular classroom where advanced learners' participation may inhibit others from voicing them. Teachers use monitoring and mentoring to keep track of slow learners' progress. Advanced learners are encouraged to study recommended readings listed in each syllabus. They are encouraged to register for certification programs conducted by NPTEL, IIT Bombay, and other sources. Online resources are made available to strengthen the knowledgebase. Students are encouraged to participate in seminars, conferences and workshops, avishkar, and hackathons to represent their innovative ideas and problem solving technique. Teachers motivates advance learners to write ,publish and present the research papers/ articles in renowned peer reviewed journals, present in the conferences. Students are also encouraged to patent and copyright their works.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The Institution has a well-organized process for resolving examination-related grievances. According to the requirements and jurisdiction of the grievance, the student may approach the Teaching staff, College Examination Officer and Director to address the examination-related issue if any through student grievance committee.

1. Resolving grievances at the Institute level:

The Institute assigns a Senior Supervisor to ensure that examinations go well. If students have any issues, they are resolved by the institution's Chief Examination Officer, who is nominated by the university. Grievances raised during the administration of online/theory tests are evaluated and addressed with the Director, and if required, reported to the university by the examination department.

1. Grievances regarding university examinations:

Any Grievances related to University Examination are handled by the university through University Website. The norms regarding grievances are displayed on University website. The Students can obtain photocopy of the answer sheets from university on request. Students who were not satisfied with their marks at the University examinations can apply for Revaluation/ Reassessment to the University. The students are notified about the same in due course. The Institution follows the University policy. The mechanism of examination related grievances is time bound as per University rule and regulations.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Attainment of program outcomes, program specific outcomes and course outcomes are evaluated by the Institute. The classroom teaching ensures that course outcomes and program outcomes are fulfilled through planned lecture. To attain the course outcomes for the course/subject, the faculty Members uses various Direct or Indirect tools as assessment methods. Faculty has to assess the CO and PO attainment using the CCE Parameters and continuous result analysis and the same being communicated to the students and parents. The attainment of COs, POs and PEOs are continuously

Page 77/121 28-05-2024 04:34:23

mapped throught out the two-year Post graduate degree programs. The course outcomes are defined by the university using action verbs of learning levels as suggested by Bloom Taxonomy. The Rubrics for assessment are defined at the Institute Leve which are carried out through concurrent evaluations and internal mid term and end term examinations. Then, a correlation is established between COs and POs and COs and PSOs on the scale of 0 to 3, 0 being no correlation, 1 being the low correlation, 2 being medium correlation and 3 being high correlation. A mapping matrix of COs-POs is prepared in this regard for all courses in the program.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

Library uses Auto-lib NG software package which is integrated multi-user, multi-tasking library information software that

Page 87/121 28-05-2024 04:34:23

supports all in-house operations of the library. The software has all inbuilt facilities required for library automation out of which we have availed service package as mention below:

- 1. Acquisition
- 1. Catalogue
- 1. Circulation
- 1. Serial Control
- 1. OPAC.

The database of books available in the library is being updated on day to day basis. All e-resources are accessible locally within the campus as well as remotely. University Library building is centrally located and well laid out and maintains the right atmosphere for learning. Library buildings have provision for both individual and group studies. Adequate space is provided for browsing and relaxed reading.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, cocurricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

Yashaswi Education Society's International Institute of Management Science boasts a dynamic and passionate team of students who serve on the student council. These students play integral roles in cultural, sports, and gaming committees, contributing significantly to the planning and execution of various events. The student council, led by Mr. Jayakrishnan P. as the President of the Boys Students Council and Ms. Sneha Subiah as the President of the Girls Students Council, includes faculty members such as Prof. Sachin Misal, Dr. Vandana Mohanty, and Dr. Pushpraj Wagh. Together, they actively engage in organizing and managing a variety of activities and programs that enhance the overall development of the students. Students are wellrepresented on academic and administrative committees, further facilitating their participation in key decision-making processes. Regular meetings conducted by the Student Council provide a platform for discussing student-related issues, planning activities with faculty input, and inspiring broader student participation. The Student Council role extends to motivating fellow students, creating a supportive environment, and fostering the holistic development of all individuals. The institute has cultivated an environment conducive to learning and growth, ultimately transforming students into future leaders who are valuable assets to the corporate world, society, and the

nation .

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

International Institute of Management Science (IIMS) has embraced a decentralized and participative approach in the implementation of academic and administrative processes. This commitment to innovation and management is showcased annually through the organization of the "International Conference on Innovations in Management & Information Technology (ICIMIT)." This conference, a testament to our dedication to decentralization and participative management, is endorsed by the College Development Committee (CDC) and the Internal Quality Assurance Cell (IQAC), with a corresponding budget allocation. At different levels within the institution, participative management is practiced, enabling

Page 99/121 28-05-2024 04:34:23

stakeholders to contribute to decision-making based on shared insights. The governing council includes faculty representatives alongside the principal, ensuring representation and collaboration in key decisions. Frequent meetings at institutional and departmental levels involve faculty, department heads, and committee members to ensure policy implementation and effective planning. By promoting decentralization and participative management, IIMS fosters excellence by leveraging the collective expertise and perspectives of faculty, staff, and students across its operations. Supported by a well-structured organizational framework and defined processes, the institution remains agile in pursuing its vision and mission through timely action and inclusive governance.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

The overall planning and development of the institution is done by the Management and Governing Board. The day-to-day administrative affairs of the Institute are managed by the Director and IQAC Co-ordinator. The Director of the Institute is the administrative head of the institution shouldering the responsibilities of administration, appointments and infrastructure. The IQAC Co-ordinator is the academic head, ensuring the proper conduct of all the academic, research and extension activities. The administration is responsible for all

financial matters. There are Committees, Cells and Associations focussing on specific tasks and roles in the College. The executive leadership is shared with the IQAC Co-ordinator and all the senior faculties. The IQAC Coordinator assists the Director in academic and administrative affairs of the Institute. There is a written Job Description for each office and given to the HR at the time of appointment. The Management encourages the faculty to participate in various committees. This enhances the leadership qualities and skills. The Grievance redressal committees have been formed for both staff and the students. The power delegation and decentralisation of authority enrich the effective and efficient functioning of the institution in all its spheres of planning, decision-making and implementation. The Management plays a crucial role in enriching the bottom-up approach in planning and execution of various academic activities.

6.3.5 - Institutions Performance Appraisal System for teaching and non-teaching staff

The Institute is following the appraisal scheme suggested by AICTE viz. Performance Based Appraisal System (PBAS). In this scheme, the performance s are classified into three categories (i) Teaching, Learning and Evaluation related activities (ii) Co-Curricular, Extension and Professional Development related

activities (iii) Research Publications and Academic Contributions At the end of each academic year, the data pertaining to the above categories are collected from each faculty member in the proforma suggested by AICTE. These scores are used for the award of career advancements to faculty members and for promotion to next higher position. Further, at the end of each semester, feedback forms are issued to the students for each of the courses attended by them. The feedback forms in the form of questionnaire collect information about the teacher and different aspects pertaining to the teaching process. A team consisting of the Head of the Department and Senior Professor in the Department, goes through the feedback forms collected from the students and suggest suitable measures to improve the teaching-learning process. For non-teaching staff's performance this includes

technical contribution of individuals such as subject knowledge, awareness, productivity, quality, innovation willingness to learn, diligence etc.
