NOTICE

Dear MCA First-Year Students, We are pleased to inform you that IIMS is organizing a comprehensive Value-added Technical Training Program, encompassing 200 hours of learning, focused on Python with Data Science. This program is designed to enhance your skills and knowledge in the field of Python programming and data science.

Program Details:

Part 1: Python Programming

Date: 26th June to 8th July 2023

Part 2: Data Science (after the university examination)

Date: 31st July to 9th September 2023

We kindly request all students to attend both Part 1 and Part 2 sessions, as they have been thoughtfully scheduled during these specified dates. Successful participation in both parts of the program will be rewarded with a certificate issued by Rubicon. Additionally, there will be surprise tests conducted during the program to assess your progress and understanding.

The primary objective of this program is to equip you with the latest technology skills currently in demand in the IT industry. We believe that this training will be a valuable addition to your academic journey and will help you stand out in the competitive job market.

Don't miss this opportunity to enhance your technical skills and broaden your knowledge in the field of Python and Data Science. We look forward to your active participation in this program.
