Report on "Start-up Journey" – A session by Mr. Mayank Kale

Date: 25/01/2020

Time: 12.30 pm

The journey of start-ups inspires young minds to think of innovative ideas that can be later converted into practical and innovative business start-ups desired by society at large.

Inspiring with this idea, Yashaswi Education Society's International Institute of Management Science, organized a session of Mr. Mayank Kale, Founder and CEO of Loop Health Care, US based company that has raised more than four crore of capital till date and has helped thousands of patients in Pune to get healthier. Staff members and Students of International Institute of Management Science, were present for this seminar.

Dr. Shivaji Mundhe welcomed the speaker and the students and shared the importance of this seminar.

Mr. Mayank Kale started the session by interacting with students and explaining what is a start-up. He said, start-ups are designed to grow fast. There is and will always be some risk, however the entrepreneur gets proportionate rewards if he becomes successful.

Mr. Mayank shared the information about his company, his business model and various difficulties that he faced during his journey.

He shared few important lessons for the students as follows:

- While selecting a business for start-up, one should select an area of business wherein he has interest and is comfortable.
